

The University of Florida is a major public, comprehensive, land-grant research university. Florida's oldest and most comprehensive institution of higher learning, UF, is among the nation's most academically diverse public universities. The College of Public Health and Health Professions and the College of Medicine are each part of the University's Health Science Center, which also includes the Colleges of Pharmacy, Nursing, Dentistry, and Veterinary Health.

University of Florida DEPARTMENT OF EPIDEMIOLOGY **MASTER OF SCIENCE IN EPIDEMIOLOGY**

The new Department of Epidemiology is jointly administered by the College of Public Health and Health Professions and the College of Medicine at the University of Florida. Our mission is to improve health globally through education, training, research and service.

College of Public Health
and Health Professions
College of Medicine
2004 Mowry Road
Gainesville, FL 32611

GRADUATES OF THE MSE WILL BE ABLE TO

- Apply surveillance, assessment, evaluation, and other foundational epidemiological research designs to all areas of interest.
- Choose appropriate measurement and analytic methods to study health and disease in a population.
- Utilize biological, behavioral and social theory to understand how to prevent and intervene to promote the public health.

THE MSE

Students are trained in the foundational aspects of epidemiology including person, place and time, risk and protective factors, and the social determinants of health.

Areas of focus can include chronic disease, infectious disease, geriatric, environmental, psychiatric, social, spatial, cancer and maternal and child health epidemiology.

- 36 credit program
- Requires mentored research
- Culminates in a publishable thesis
- Balances local and global concerns

FACULTY

Faculty in Epidemiology are committed to multi-disciplinary research, teaching and advising. They are leaders in their respective research fields. Each student will have both a Research Mentor and Academic Advisor.

CORE FACULTY

Linda B. Cottler, PhD, MPH

**Dean's Professor and Chair
Associate Dean for Research and Planning**

Catherine Striley, PhD, MSW, MPE

MSE Program Director

Xinguang (Jim) Chen, MD, MPH

Robert L. Cook, MD, MPH

Travis Gerke, ScD

Kelly K. Gurka, MPH, PhD

Richard Hopkins, MD, MSPH

Volker Mai, PhD MPH

Sarah Mckune, PhD MPH

Thomas A. Pearson, MD, MPH, PhD

Cindy Prins, PHD, MPH, CIC

Mattia Prosperi, MEng, PhD

David S. Sheps, MD, MSPH

Ronald I. Shorr, MD, MS

Krishna Vaddiparti, PhD, MPE

Deepthi Varma, PhD, MPhil, MSW

Lusine Yaghjian, PhD, MD, MPH

Students network with field leaders from Colleges in the Health Science Center:

- Dentistry
- Medicine
- Nursing
- Pharmacy
- Public Health and Health Professions
- Veterinary Medicine

TO APPLY

Students must apply to and be accepted by both the UF Graduate School and the Master of Science in Epidemiology program.
