Instructor Name: Jerne Shapiro, MPH
Email Address: shapiroj@ufl.edu
Office Hours: By appointment

Preferred Course Communications: You have email on the course site under the "Inbox" tool. This is the preferred method of communication, and this is how I will contact you if necessary. You can adjust the settings to have all course mail forwarded to your regular email account so that you don't miss anything or forget to check. If you have questions please contact me using this email option. If you are having problems and cannot use the course Inbox option, you may email me directly.

Prerequisites:
PHC 6001 Principles of Epidemiology and PHC 6050 Statistical Methods for Health Science 1 (or its equivalent)

PURPOSE AND OUTCOME

Course Overview
This is an intermediate level course, which will introduce the student to the unique aspects of infectious disease and epidemiological methods used in their study, prevention and control. The student will gain knowledge through lectures, case studies, simulated outbreaks, readings, exercises, and an individual project.

Relation to Program Outcomes
This course reinforces the following competencies:
1. Identify and understand the historical context of epidemiology, epidemiologic terminology, study designs and methodology
2. Identify key sources of epidemiologic data and data collection methodology.
3. Demonstrate ability to analyze and interpret epidemiologic data
4. Explain and communicate current epidemiologic and public health problems for informing scientific, ethical, economic and political discussions of health problems

Course Objectives and/or Goals
1. Understand the historical impact of infectious disease on society.
2. Understand the modes of transmission and pathogenesis of infectious disease and the host, organism and environment relationship as they apply to infectious disease epidemiology.
3. Understand the usual approaches to an outbreak investigation.
5. Understand the application of epidemiological methods to the study of infectious disease and their importance in prevention of morbidity.
6. Become familiar with selected infectious diseases, with knowledge of the nature, agent and route of contagion of each disease.
Instructional Methods
1) Lectures: are for general orientation. Students are responsible for all the material presented in the course and assigned readings.
2) Readings and Resources. In addition to the required text, supplementary readings and resources will be posted in the course. The reading list may be supplemented during the course.
3) Assessments: A variety of assessments will be used in this course, including but not limited to discussions, assignments and exams.

What is expected of you?

You are expected to actively engage in the course throughout the semester. Your participation fosters a rich course experience for you and your peers that facilitates overall mastery of the course objectives.

Course Materials and Technology

1. Lectures – provide a general overview of each topic.

2. Required Text, readings, and materials

   B. Supplemental readings will also be assigned for lectures and are posted by topic under the course schedule.

3. Additional resources (You should sign up for the following by (Thursday May 14th)

   A. Infectious Disease list serve. Pro-med: www.promedmail.com Click on the subscribe link. (HINT: sign up only for the “Pro Med Digest A consolation of Posts” only)
   C. (Optional) Emerging Infectious Diseases. To subscribe to the Emerging Infectious Diseases e-mail list, go to http://wwwnc.cdc.gov/eid/ click on the subscribe button. Choose the electronic version of the publication. You will also be asked if you would like to receive other information from the CDC, choose what feels appropriate to your interests.

4. Examinations: Students are expected to take the examinations on the scheduled date and time. There is a midterm (25%) and a final (25%).

5. Class Briefing: Five percent of your class grade will come from briefing (three minutes) the class of a timely topic in the dreaded world of infectious diseases. Items may be obtained from any of the “additional resources” listed in the syllabus or any other reputable source you choose. Include a brief description of the disease and mode of transmission (obtain your information from your Control of Communicable Disease Manual).

6. Class exercises: There will be a total of two class exercises due.

   Each exercise is worth 5% of your course grade (total 10%). See more information, and due dates via the Assignment tool in the left hand menu of the course site.
7. **Final Project** - Please read the detailed description for the project posted on the course website in the Assignments tool on the left hand menu. This is an individual assignment, but each person will need to pick a partner to review/proofread your project. The paper portion of the project is due prior to the presentation date. Only submit your final paper to be graded.

For technical support for this class, please contact the UF Help Desk at:
- Learning-support@ufl.edu
- (352) 392-HELP - select option 2
- https://iss.at.ufl.edu/help.shtml

### ACADEMIC REQUIREMENTS AND GRADING

**Grading**

<table>

For greater detail on the meaning of letter grades and university policies related to them, see the Registrar’s Grade Policy regulations at: [http://catalog.ufl.edu/ugrad/current/regulations/info/grades.aspx](http://catalog.ufl.edu/ugrad/current/regulations/info/grades.aspx)

**Policy Related to Make up Exams or Other Work:**

**Requirements:** Students are responsible for all course material, including reading all required materials prior to each lecture. Students should also read your e-mail and announcements in the course several times a week. Please note that announcements and emails sent out from the course site will go to your UFL email...
address (versus your Google, Yahoo, etc.), please check this mail at http://webmail.ufl.edu regularly also. Students should also reference the calendar in the course to keep up with weekly deadlines.

**Make Ups:** If you are unable to meet a deadline in this course for a reason approved above and have given prior notification to the instructor when possible, you will be given adequate time to make up any coursework missed. All other missed or late work will receive a grade of zero. Make-up exams will be provided only in cases of excused absences or conflict during final exams per University policy and MUST be discussed with the instructor in advance. Make-up exams will differ from the regularly scheduled exam.

**Readings and Discussions:** Students should read the assigned readings prior course lectures and be prepared to discuss the material.

Please note: Any requests for make-ups due to technical issues MUST be accompanied by the ticket number received from LSS when the problem was reported to them. The ticket number will document the time and date of the problem. You MUST e-mail me within 24 hours of the technical difficulty if you wish to request a make-up.

**Policy Related to Required Class Attendance**

**Attendance Policy:** Per the University of Florida, students are responsible for satisfying all academic objectives as defined by the instructor. Acceptable reasons for absence include illness, serious family emergencies, special curricular requirements (e.g., judging trips, field trips, professional conferences), military obligation, severe weather conditions, religious holidays and participation in official University activities such as music performances, athletic competition or debate. Absences from class for court-imposed legal obligations (e.g., jury duty or subpoena) must be excused. Remember that, when possible (i.e. extracurricular activities, official University activities, and religious holidays), prior notification of absence is required if the student plans to be given an extension on assignments. Even though this is an online course, students are expected to log on regularly and participate in the course. All faculty are bound by the UF policy for excused absences. For information regarding the UF Attendance Policy see the Registrar website for additional details: https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx

---

**STUDENT EXPECTATIONS, ROLES, AND OPPORTUNITIES FOR INPUT**

**Expectations Regarding Course Behavior**

**Communication Guidelines**
Preferred Course Communications: If you have questions please contact me using the shapiroj@ufl.edu email option.

**Academic Integrity**
Students are expected to act in accordance with the University of Florida policy on academic integrity. As a student at the University of Florida, you have committed yourself to uphold the Honor Code, which includes the following pledge:

“**We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honesty and integrity.**”

You are expected to exhibit behavior consistent with this commitment to the UF academic community, and on all work submitted for credit at the University of Florida, the following pledge is either required or implied:

“**On my honor, I have neither given nor received unauthorized aid in doing this assignment.**”
It is your individual responsibility to know and comply with all university policies and procedures regarding academic integrity and the Student Honor Code. Violations of the Honor Code at the University of Florida will not be tolerated. Violations will be reported to the Dean of Students Office for consideration of disciplinary action. For additional information regarding Academic Integrity, please see Student Conduct and Honor Code or the Graduate Student Website for additional details:
https://www.dso.ufl.edu/sccr/process/student-conduct-honor-code/
http://gradschool.ufl.edu/students/introduction.html

Please remember cheating, lying, misrepresentation, or plagiarism in any form is unacceptable and inexcusable behavior.

Online Faculty Course Evaluation Process
Students are expected to provide feedback on the quality of instruction in this course by completing online evaluations at https://evaluations.ufl.edu. Evaluations are typically open during the last two or three weeks of the semester, but students will be given specific times when they are open. Summary results of these assessments are available to students at https://evaluations.ufl.edu/results/.

SUPPORT SERVICES

Accommodations for Students with Disabilities
If you require classroom accommodation because of a disability, you must register with the Dean of Students Office http://www.dso.ufl.edu within the first week of class. The Dean of Students Office will provide documentation of accommodations to you, which you then give to me as the instructor of the course to receive accommodations. Please make sure you provide this letter to me by the end of the second week of the course.

Counseling and Student Health
Students sometimes experience stress from academic expectations and/or personal and interpersonal issues that may interfere with their academic performance. If you find yourself facing issues that have the potential to or are already negatively affecting your coursework, you are encouraged to talk with an instructor and/or seek help through University resources available to you.

- The Counseling and Wellness Center 352-392-1575 offers a variety of support services such as psychological assessment and intervention and assistance for math and test anxiety. Visit their web site for more information: http://www.counseling.ufl.edu. On line and in person assistance is available.

- You Matter We Care website: http://www.umatter.ufl.edu/. If you are feeling overwhelmed or stressed, you can reach out for help through the You Matter We Care website, which is staffed by Dean of Students and Counseling Center personnel.

- The Student Health Care Center at Shands is a satellite clinic of the main Student Health Care Center located on Fletcher Drive on campus. Student Health at Shands offers a variety of clinical services. The clinic is located on the second floor of the Dental Tower in the Health Science Center. For more information, contact the clinic at 392-0627 or check out the web site at: https://shcc.ufl.edu/

- Crisis intervention is always available 24/7 from: Alachua County Crisis Center (352) 264-6789 http://www.alachuacounty.us/DEPTS/CSS/CRISISCENTER/Pages/CrisisCenter.aspx

Do not wait until you reach a crisis to come in and talk with us. We have helped many students through stressful situations impacting their academic performance. You are not alone so do not be afraid to ask for assistance.
Infectious Disease Epidemiology Course Schedule

Lecture Topic and Reading Materials

May 11

Lectures

- History of Infectious Diseases
- Outbreak Investigations

Readings:

- CDC: Steps in an Outbreak Investigation - Lesson 6 Section 2

- Specimen Collection - from UNC.

- WHO Death Data (page 1-5): Review the info but please don’t memorize

- Control of Communicable Disease Manual (CCDM):
  - Smallpox
  - Plague
  - Syphilis

May 12

Lectures

- Immunology
- Vaccine Preventable Diseases

Readings:

- Laboratory Diagnosis and Immunology: An Overview

- CCDM:
  - Measles
  - Pertussis
  - Polio

May 14

Exercise

- Bring a calculator and CCDM to class.
May 18

**Lectures**

Zoonotic Diseases

Vector Borne and Parasitic Diseases

**Reading:**

- CCDM

  - Dracunculiasis
  - Lyme Disease
  - Malaria
  - Rabies

**May 19 (no class)**

**Lectures**

Molecular Epidemiology with Robyn Kay, MPH

**Readings**

- Molecular Subtyping and the Transformation of Public Health (located in Resources)
- Discernment between deliberate and natural infectious disease outbreaks (located in Resources)

May 21

**Exercise #1 due**

**Lecture**

Diarrheal Diseases

**Readings:**

- Explore the CDC website on Travelers’ Health (this is a great website to use for overseas travel information). Pick a place you would like to visit and explore the health information listed. [http://wwwn.cdc.gov/travel/default.aspx](http://wwwn.cdc.gov/travel/default.aspx)
- Ranking the Risks: The 10 Pathogen Food Combinations with the Greatest Burden on Public Health. (only read the Executive Summary page 7-15) [http://www.rwjf.org/content/dam/farm/reports/reports/2011/rwjf70101](http://www.rwjf.org/content/dam/farm/reports/reports/2011/rwjf70101)
- CCDM:

  - Vibrio cholera
  - Salmonella
  - E. Coli
  - Rotavirus
  - Giardia lamblia
May 25
Memorial Day- No Class

May 26

**Lecture**

Tuberculosis with Michael Lazuardo, MD, MPH

**Readings:**

- National Institute of Health: Detailed Explanation of TB  
  [http://www.cdc.gov/mmwr/preview/mmwrhtml/mm6311a2.htm](http://www.cdc.gov/mmwr/preview/mmwrhtml/mm6311a2.htm)
- Multidrug-resistant tuberculosis (MDR-TB) October 2013 Update- WHO  
- CCDM:  
  [Tuberculosis](http://www.cdc.gov/tuberculosis/

May 28

**Midterm**

Bring a calculator and pencil to class

June 1

**Lecture**

Emerging and Re-emerging Infectious Diseases with Glenn Morris, MD, MPH, TM

**Reading**

- Population biology of emerging and re-emerging pathogens. Trends in Microbiology Vol. 10 No. 10 (Suppl.), 2002  

June 2

**In Class Exercise**

**Lecture**

Influenza

**Readings:**

- Manual for Surveillance of Vaccine Preventable Disease:  
- Pandemic Influenza Storybook. Take a minute and read a few of the stories submitted.  
- CCDM:  
  [Influenza](http://www.cdc.gov/influenza/)
June 4

Final paper due

Lecture

Hospital Infection Prevention and Control with Laura Netardus, RN and Miranda Williams, MPH, RN

Readings

None

June 8

Exercise #2 due

Lecture

Surveillance with David Atrubin, MPH

Readings

- Principles of Epidemiology in Public Health Practice. Read Lesson 5: Surveillance only.

June 9

Lectures

STI
HIV/AIDS

Readings

- How it Began by Frontline: http://www.pbs.org/wgbh/pages/frontline/aids/virus/origins.html. If you have the time and are interested, the video series on HIV by Frontline is very interesting. Located to the left on side of the webpage.
- Oncology Dietitian Exposes Fraud in CDC’s HPV Vaccine Effectiveness Study. This internet link shows an opposing view on the HPV vaccine. I am including this article so you can have an understanding of what parents can find on the first page of a Google search for “HPV effectiveness”. http://articles.mercola.com/sites/articles/archive/2013/07/16/hpv-vaccine-effectiveness.aspx

June 11

Student Presentations

June 15

Student Presentations

June 16

Student Presentations

June 18

Final Exam
